Work Experience

UI/UX Designer-Developer
Stuvio Digital Private Limited

August 2024 - Present

- Designed user-centered web and mobile interfaces with a focus on usability, accessibility, and responsiveness.
- Created wireframes, prototypes, and design systems using Figma, Adobe XD, and Sketch.
- Conducted user research and testing to align designs with user needs and business goals.
- Built production-ready interfaces using HTML, CSS, JavaScript, React.js, Next.js, and Tailwind CSS.
- Used Webflow and Framer for rapid prototyping and interactive design.
- Added motion and micro-interactions with GSAP to enhance user engagement.
- Collaborated with cross-functional teams to deliver cohesive, scalable digital experiences.
- Ensured design consistency by contributing to and maintaining UI libraries and design systems.

Product Designer
idigiCloud Pvt. Ltd.

July 2023 - July 2024

- Collaborated with the design and development teams to create intuitive user interfaces for web and mobile applications.
- Created wireframes, prototypes, and mockups using tools such as Figma.
- Iterated designs based on feedback from stakeholders and usability testing results.
- Ensured designs adhered to brand guidelines and accessibility standards.
- Worked closely with developers to implement designs and provide guidance during the development process.
- Assisted in the creation of design documentation, including user personas, user flows, and design specifications.
